

**NOMINEES FOR THE 31st ANNUAL NEWS & DOCUMENTARY EMMY® AWARDS
ANNOUNCED BY THE NATIONAL ACADEMY OF TELEVISION ARTS & SCIENCES**

**Winners to be announced on September 27th
at Frederick P. Rose Hall, Home of Jazz at Lincoln Center**

Frederick Wiseman to Receive Lifetime Achievement Award

New York, N.Y. – July 15, 2010 – Nominations for the 31st Annual News and Documentary Emmy® Awards were announced today by the National Academy of Television Arts & Sciences (NATAS). The News & Documentary Emmy® Awards will be presented on Monday, September 27 at a ceremony at Frederick P. Rose Hall, Home of Jazz at Lincoln Center, located in the Time Warner Center in New York City. The event will be attended by more than 1,000 television and news media industry executives, news and documentary producers and journalists. Emmy® Awards will be presented in 41 categories, including Breaking News, Investigative Reporting, Outstanding Interview, and Best Documentary, among others.

“From the ongoing wars in Iraq and Afghanistan, to the struggling American economy, to the inauguration of Barack Obama, 2009 was a significant year for major news stories,” said Bill Small, Chairman of the News & Documentary Emmy® Awards. “The journalists and documentary filmmakers nominated this year have educated viewers in understanding some of the most compelling issues of our time, and we salute them for their efforts.”

This year’s prestigious Lifetime Achievement Award will be given to Frederick Wiseman, one of the most accomplished documentarians in the history of the medium. In a career spanning almost half a century, Wiseman has produced, directed and edited 38 films. His documentaries comprise a chronicle of American life unmatched by perhaps any other filmmaker. Wiseman’s films typically focus on institutions, analyzing their inner workings and dramatizing the conflicts and dilemmas that arise in the course of carrying out their mission. Wiseman has received numerous awards over the course of his career, including three Emmys, Guggenheim and MacArthur fellowships, The George Polk Career Award (2006) for “contributions to journalistic integrity and investigative reporting,” and the Dan David Prize (2003) “for achievements having an outstanding scientific, technological, cultural or social impact on our world.”

The numerical breakdown, by media entities, as compiled by the independent accountancy firm of Lutz and Carr, LLP, follows:

About The National Academy of Television Arts & Sciences

The National Academy of Television Arts & Sciences (NATAS) is a professional service organization dedicated to the advancement of the arts and sciences of television and the promotion of creative leadership for artistic, educational and technical achievements within the television industry. It recognizes excellence in television with the coveted Emmy® Award for News & Documentary, Sports, Daytime Entertainment, Daytime Creative Arts & Entertainment, Public & Community Service, Technology & Engineering, and Business & Financial Reporting. Regional Emmy® Awards are given in 19 regions across the United States. NATAS also presents the National Academy of Television Arts and Sciences Global Media Awards™ which recognizes excellence in the world-wide intersection of digital entertainment and technology. Emmy® Awards given out for primetime programming are presented by our sister organization, the Academy of Television Arts & Sciences (ATAS). Beyond awards, NATAS has extensive educational programs including National Student Television and its Student Award for Excellence for outstanding journalistic work by high school students, as well as scholarships, publications, and major activities for both industry professionals and the viewing public.
